

The mission of the Cape Cod Challenger Club is to enrich the quality of life for children and young adults with physical, intellectual and/or developmental disabilities by providing them with the opportunity to participate in a variety of athletic, recreational and social activities that most often are not available to them under typical circumstances.

Eligibility & Ages Served: The Challenger Club summer recreation program is open to children and young adults ages 6 to 22 with physical, intellectual and/or developmental disabilities. Typical siblings are also welcome to participate. Participants are assessed individually and placed into groups with the appropriate amount of supervision. For the safety and well-being of everyone involved, both participants and staff, some individuals may not be appropriate for the program. If a prospective child is not a regular participant in Cape Cod Challenger Club activities, or they are new and unfamiliar to us, it is important for us to meet with them prior to registering for the program. ***Please note that we are unable to accept participants who are not fully toilet trained or need any assistance in the restroom or dressing. We cannot accept anyone with severe behavioral issues that may require restraint. Also, because we do not have a full-time nurse on staff we are unable to dispense controlled medications or care for individuals with severe medical issues.*** We do our best to accommodate everyone, but if you have any questions please contact us to discuss your specific situation.

Schedule: This is an 8 week recreation program that is designed to complement the various Cape Cod school districts' scheduled ESY programs. Weeks 2-7 are a combination of scheduled half (12:30pm - 4:30pm) and full (8:30am-4:30pm) days, and weeks 1&8 are all scheduled full days. ***Please refer to the attached program calendar for a better understanding of our days and times of operation.***

Participants should always bring a lunch on scheduled full days and every day Monday-Friday in weeks 1&8. We provide drinks and light and healthy snacks for everyone each morning and afternoon, but recommend that you pack snacks if your child has any food allergies, or particular snacks that they enjoy. We also recommend that everyone pack an extra set of clean clothing daily in the event of any accidents.

Transportation: ***We do not provide transportation from your child's ESY program to the Challenger Club. For an additional cost we may be able to provide transportation to the Challenger Club if it is scheduled by you and authorized by your school district.*** Families are responsible for transportation to and from the program. Speak to your school district about the possibility of your child being brought to the Challenger Club following their ESY program rather than being brought directly home. We do provide transportation for any planned outings or activities once your child is at the program.

Registration and Program Costs: Registration in our recreation program is done on a first-come, first-served basis. Preference is given to active participants in Cape Cod Challenger Club activities and those who have attended our school vacation and summer programs in the past. We limit the number of participants to ensure that we maintain appropriate and safe supervision ratios. All activity expenses, and transportation to and from off-site activities, are included in the overall cost. For simplicity, the program costs are broken down by half-day and full-day daily rates only. We do not charge hourly rates, however, we reserve the right to assess a fee if your child is picked-up more than 15 minutes late. For the purposes of scheduling staff we ask that you notify us at least 24 hours in advance to add any additional days. Unless it is an emergency we cannot accept day of service drop-offs. ***If it is determined that your child needs 1:1 supervision, an additional cost will be required. Please inquire about family discounts for multiple participants or typical siblings.***
